

## Audio Description

The *Disneyland*® Resort offers Audio Description, which provides supplemental audio by describing visual elements such as actions, settings and scene changes and works with existing show audio at specific Theme Park attractions. A \$100.00 refundable deposit is required (refundable when returned on the same day). This system is in operation at:

### *Disneyland*® Park:

- Alice in Wonderland
- Buzz Lightyear Astro Blasters
- *Disneyland*® Railroad
- Enchanted Tiki Room
- Finding Nemo Submarine Voyage
- Haunted Mansion
- “Honey, I Shrunk the Audience”
- ‘it’s a small world’
- Mr. Toads Wild Ride
- Peter Pan’s Flight
- Pinocchio’s Daring Journey
- Pirates of the Caribbean

- Snow White’s Scary Adventure
- Storybook Land Canal Boats
- The Many Adventures of Winnie the Pooh

### *Disney’s California Adventure*® Park:

- It’s Tough to be a Bug!
- Monster’s Inc. Mike & Sulley to the Rescue!
- Muppet\*Vision 3D
- Disney Animation - Turtle Talk with Crush

### *Disney’s Handheld Device*

## TO USE DISNEY’S HANDHELD DEVICE:

When you arrive at a designated attraction, please wear the device chest high to receive the signal that will supply the Audio Description.

The device will go into “sleep” mode and turn off after 1 minute of inactivity. The device will turn back on automatically when Audio Description is present.
